CONFERENCE AGENDA

April 24, 2014, Thursday

9.00 — 9.15 — opening ceremony

9.15 — 11.00 — plenary sessions

1. Effect of the state policy changing in the field of environmental protection on the level of coal ash utilization in Russia
   N.B. Nefedyev
   Ministry of Natural Resources and Ecology of the RF, Moscow

2. State regulation measures to encourage increase in coal ash utilization in Poland and European trends in coal ash utilization
   A. Jugusiewicz
   Inspection for Environmental Protection, Warsaw, Poland

11.00 — 11.30 — coffee-break

11.30 — 13.30 — plenary sessions

3. Analysis of legislation in the field of coal ash handling in India
   V. Kumar
   Centre for Fly Ash Research and Management, New Delhi, India

4. Forecast in power production and impact of CCPs in Europe
   H.-J. Feuerborn
   ECOba, Essen, Germany

5. Key issues of coal ash handling in Russia
   V.Y. Putilov, I.V. Putilova, E.A. Malikova
   National Research University “Moscow Power Engineering Institute”, Russia

13.30 — 14.30 — lunch

14.30 — 16.30 — plenary sessions

6. About the use of coal ash in Asia
   D. Harris
   Asian Coal Ash Association, Beijing, China

7. Creating the industry of processing and use of coal combustion by-products
   S.I. Kozhemyako, V.R. Shevtsov
   JSC “TGC #11”, Omsk, Russia

8. Coal ash market overview in Russia for 2013 in terms of a trader
   A.I. Kalachev
   CJSC “ProfCement-Vektor”, Saint-Petersburg, Russia

9. Experience and regulatory base for the use of dry fly ash from the Russian TPPs for production of concrete, mortars and dry mixes
   A.V. Ukhanov
   CJSC “ProfCement-Vektor”, Saint-Petersburg, Russia

19.00 — conference ceremony

April 25, 2014, Friday

9.00 — 11.00 — plenary sessions

10. Barriers, opportunities for use and requirements for dry fly ash, bottom ash, boiler slag, and ash and slag mixtures from TPPs ash lagoons for various cement production technologies
    E.L. Bolshakov, L.Y. Goldstein
    Alit ANTC Saint-Petersburg, Russia

11.40 years of JSC “Angarsk cement” experience in ash use for concrete and cement production
    V.A. Afanacin
    JSC “Angarsk cement”, Angarsk, Russia

12. Fly ash in cement and concrete composition
    Z. Giergieiczny
    Silesian University of Technology in Gliwice, Poland

13. Practical experiences of CCP marketing in Germany
    D. Brandenburger
    BauMineral GmbH, Herten, Germany

11.00 — 11.30 — coffee-break

11.30 — 13.30 — plenary sessions

14. Wet ash handling “Technology of the past”
    R. Chaudhry, C. Buckley
    Clyde Bergemann Materials Handling Ltd. Doncaster, UK
15. Schenck Process ash handling technologies
M. Heeley
Schenck Process, England, UK

16. Wear-resistant pipelines with aluninothermic corundum based coat
A.M. Beloshitskiy, E.M. Ilyin, A.S. Prokopyev
Energochimkomplekt Ltd, Chelyabinsk, Russia

17. Complex processing of ekibastuzsly coal ash into alumina, aluminum salts, ferrosilicon and cement
S.S. Nurkeev, D.T. Mataeva
Kazakh National Technical University named after K.I. Satpaev, Almaty, Kazakhstan

13.30 — 14.30 — lunch

14.30 — 16.00 — plenary sessions

18. Shape and grain size measurement of microspheres.
S. Kamiński, D. Kamińska
Kamińska Instruments, Warsaw, Poland

19. Monitoring of reclaimed ash ponds of TPPs
I.V. Gurina, N.A. Ivanova, P.A.Mikheev
Novocherkassk State Meliorative Academy, Russia
V.G. Lukyanov
Novocherkassk SDPP – a branch of the JSC “WGC-2”, Russia

16.00 — 16.30 — coffee-break

16.30-17.30 — discussing a draft reference of the conference attendees to relevant Ministries and Agencies proposing an effective solution of the coal ash handling problem. Summing up the conference.
